Training

Classroom Training.

Publicly available classes that are offered on a regular basis. Visit www.icbconsulting.com for our schedule of upcoming classes.

Custom Training Services.

Publicly available classes that are offered on a regular basis. Visit www.icbconsulting.com for our schedule of upcoming classes.

We provide custom training just for you, your company or classroom style training that is available to everyone. We offer training for all the software applications on which we provide consulting.

We can do the training either in our training room in downtown Denver or at your place of business.

We can provide training using either canned courseware materials or we can custom tailor training materials to meet your needs.

We offer training on:

- Crystal Reports
- Microsoft Access
- Microsoft Excel
- FRx Reports
- Microsoft SQL Server
- Microsoft SQL Server Reporting Services
- Microsoft SharePoint
- Microsoft CRM
- Microsoft Dynamics GP (Great Plains)

Visit our website at www.icbconsulting.com for a list of upcoming classes.

Key Team Members

Devin Johnson, President

Devin is the Founder and President of ICB Consulting, and formerly a licensed CPA in Colorado. Devin has a Bachelor's degree in accounting and started his career as an auditor at Deloitte & Touche before eventually changing his career focus to IT. Devin's last job as an accountant was being a CFO for a small business.

Michael Plonowski, Consultant

Michael is a consultant based in our Denver office. Michael joined ICB in 2003. He started his career as a bookkeeper before migrating more to IT. Michael's career in IT began as a network administrator and IT support person. Over time, he changed his focus to helping accountants with technology. Before joining ICB, he worked as an IT consultant for a CPA firm.

Barb Morrison, Office Manager

Barb has two primary responsibilities: she does our bookkeeping and she also is responsible for coordinating all activities related to our training business: maintaining the class schedules, ordering books and registering students.
